

ANNEX 1.2

DEGREE PROGRAM DIDACTIC REGULATIONS

ARCHITECTURE FOR COMMUNITIES, TERRITORIES AND ENVIRONMENT

CLASS LM-4

School: Polytechnic and Basic Sciences School

Department: Architecture

Didactic Regulations in force since the academic year 2025-2026

STUDY PLAN

KEY

Type of Educational Activity (TAF):

B = Characterising

C = Related or Supplementary

D = At the student's choice

E = Final examination and language knowledge

F = Further training activities

Year I									
Curriculum									
Title Course	SSD	Module	CFU	Hours	Type Activities (lectures, workshops, etc.)	Course Modalities (in-person, by distance)	TAF	Disciplinary area	Mandatory/optional
Architectural drawing and infographic modeling	ICAR17	Single	6	48	Frontal lesson	In-person	B	Representation of architecture and environment	Mandatory
Architecture for the community design studio	ICAR14	Strategic architectural and urban planning design	8	80	Laboratory	In-person	B	Architectural and Urban Design	Mandatory
	ICAR08	Materials and structures in emergency areas (Decreto 40/2022 DDMS)	4	40	Laboratory	In-person		Structural analysis and design of architecture	
Architecture of temporaneity design studio	ICAR16	Minimum adaptive space design	6	60	Laboratory	In-person	B	Architectural and urban design	Mandatory

	ICAR13	Systemic design (Decreto 40/2022 DDMS)	4	40	Laboratory	In-person	C	Technological design of architecture	
History of Architecture and City	ICAR18	Single	6	48	Frontal Lesson	In-person	B	Restoration and history of architecture	Mandatory
Architecture and Sustainability Design Studio	ICAR12	Environmental Systems Design	6	60	Laboratory	In-person	B	Technological design of architecture	Mandatory
	ING/IN D11	Environmental energy optimization (Decreto 40/2022 DDMS)	4	40	Laboratory	In-person	B	Technical and Environmental Physics	Mandatory
Heritage and Contexts Design Studio	ICAR19	Built heritage restoration design	6	60	Laboratory	In-person	B	Restoration and history of architecture	Mandatory
	ICAR15	Transitional Landscapes Design (Decreto 40/2022 DDMS)	4	40	Laboratory	In-person	B	Architectural and urban design	Mandatory

Year II									
Curriculum									
Title Course	SSD	Module	CFU	Hours	Type Activities (lectures, workshops, etc.)	Course Modalities (in-person, by distance)	TAF	Disciplinary area	Mandator/ optional
Structural Design	ICAR09	Single	6	48	Frontal Lesson	In-person	B	Structural analysis and design of architecture	Mandatory
Architecture and circular and inclusive city design studio	ICAR14	Architectural and urban planning design for transition	8	80	Laboratory	In-person	B	Architectural and urban design	Mandatory
	ICAR22	Integrated evaluations for transformative processes (Decreto 40/2022 DDMS)	4	40	Laboratory	In-person	B	Estimative disciplines for architecture and urban planning	Mandatory
Contemporary territories design studio	ICAR21	Collaborative regeneration and governance for urbanism	6	60	Laboratory	In-person	B	Urban design and territorial planning	Mandatory
	IUS10	Urban and environmental law (Decreto	4	40	Frontal lesson	In-person	B	Administrative law	Mandatory

		40/2022 DDMS)							
Project Implementation thematic design studio									Mandatory choose 1
Implementation processes for fragile heritage design	ICAR14	Architectural and urban composition	6	60	Laboratory	In-person	C	Architectural and urban design	
	ICAR19	Restoration	6	60	Laboratory	In-person	B	Restoration and history of architecture	
	ICAR09	Structural design	6	60	Laboratory	In-person	C	Structural analysis and design of architecture	
Implementation processes for the circularity of the architectural project	ICAR14	Architectural and urban composition	6	60	Laboratory	In-person	C	Architectural and urban design	
	ICAR12	Architecture Technology	6	60	Laboratory	In-person	B	Architectural Technology	
	ICAR22	Evaluation	6	60	Laboratory	In-person	C	Estimative disciplines for architecture and urban planning	
Implementation processes for the ecosystemic project	ICAR14	Architectural and urban composition	6	60	Laboratory	In-person	C	Architectural and urban design	
	ICAR12	Architecture Technology	6	60	Laboratory	In-person	B	Architectural Technology	
	ICAR21	Urban planning	6	60	Laboratory	In-person	C	Urban design and territorial planning	
Elective exams			8		Frontal lesson or laboratory		D		Mandatory at the student's choice
Traineeship			4		Formative or orientation Traineeship Art.10,c5,let t.D		F		Mandatory at the student's choice
Final exam			8				E		Mandatory at the student's choice

List of propaedeutic courses:

Construction Science and Structural Design
